COMMITMENT TO SUSTAINABILITY

I undersigned Andrea Manicardi, Legal representative of the company WorldTradinglab SRL, do hereby

DECLARE

That WorldTradinglab SRL demonstrates its commitment to sustainability by upholding numerous sustainable practices throughout the organization including:

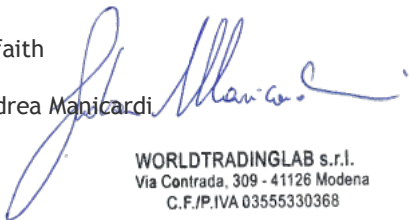

- We undergo regular water quality assessments to verify that no harmful pollutants are discharged into waterways.
- We encourage employees to participate in the company's sustainability initiatives. Our Sustainability Committee focuses on recycling and employee education.
- We practice regular recycling and waste reduction including purchasing recycled-content products and incorporating these practices into our policies.

WorldTradinglab SRL also developed an environmental management systems (EMS) policy that includes these core values:

- WorldTradinglab SRL is committed to providing environmental leadership in all aspects of its work.
- WorldTradinglab SRL considers the environmental impact of its operations activities and takes appropriate steps to minimize or prevent environmental pollution.
- WorldTradinglab SRL strives to go beyond compliance in meeting relevant environmental laws, regulations and other applicable requirements.
- WorldTradinglab SRL conducts its operations in a manner that is designed to minimize the impact on the environment and the people who live and work in that environment.
- WorldTradinglab SRL is dedicated to conformance with the requirements of ISO 14001, and to the continual improvement of its environmental management system by establishing and meeting environmental targets and objectives. WorldTradinglab SRL will be certified ISO 14001 by end of Year 2020
- In addition to employing sustainable practices and adhering to an EMS policy, we offer services to help other companies become more sustainable. These services include certification to sustainability standards and protocols, environmental claims validation, life cycle assessments and green chemistry services.

In faith
